

## JOIN OUR TEAM

Our services are based upon the needs of our current and prospective clients. Because requests for pet sitting service are not consistent, it's impossible to guarantee our pet sitters and dog walkers a specific income every week.

Professional pet sitting is a part time, terrific, rewarding opportunity to supplement a primary income from another source. Our regular visits last 30 minutes for which our sitters/dog walkers are paid \$10.00.. We offer longer visits and overnight stays; our staff receives 60% of established fee schedule.

We have been providing exceptional pet care services since 2000. Caring for our clients' dogs, cats, birds and other small pets is a tremendous responsibility and commitment which we take very seriously. It's important that our sitters genuinely love animals and can competently care for cats, birds, small companion pets and dogs of all sizes.
